

Payments and Ticketing

New and renewal subscriptions should be paid for online through Stripe.

Friends are charged for their tickets when their Priority ends two months before each concert, as follows :

Within two weeks of the end of the Priority period, Friends will be emailed a 'Pay Now' button which will take them to an online payment box with details of the charges due and methods of paying online by debit/credit card (debit preferred).

Payment must then be made within 14 days. If payment is not received in this period, the reservation may be cancelled and your tickets offered to others.

Friends and others who book after general booking has opened will be asked to pay online at the time of booking.

Tickets will be sent by email approximately two weeks before each concert.
